Shri Dr. M. Chandrappa

Hon'ble Founder Secretary

Devaraj Urs Education Society (R.), Chitradurga

It is my pleasure to welcome you to Indian International School. Our institution believes in moulding every student into a good citizen, building into them qualities of integrity, leadership and personal charisma. Our Mission is to expose students to all kinds of challenging environment and help them overcome practical hurdles thus making them wholesome and fully intellectual citizens of this nation. We stress on promoting and facilitating quality education of highest standards. To achieve this, the institution provides a strong infrastructure, full-fledged laboratories and a well stacked library.

Devaraj Urs Education Society has successfully carved niche in Education Sector since 1983-84. With the impeccable track record of 40 years the ultimate aim of our education system is the creation of a wholesome personality or a man fully alive-physically, mentally, emotionally and spiritually. Any lopsided development of personality is detrimental not only to the individual but also to the society. As Vedic Rishis have rightly pointed out – “Atmanam Buddhi”, that means “Know Thyself”, the students must develop an introspection. To develop such skills of self-introspection, they must be encouraged to express their emotions and thoughts in words.

At par with the aim of inclusive education, we, at Indian International School have engaged each pupil in one or the other Skill Development, Cultural and Sports activities with the due guidance of special trainers and coaches. The ultimate product of these efforts would be confidence, enthusiasm and go-getter attitude which can naturally be experienced with our pupils.

We look forward to your valuable cooperation, suggestions and continued patronage for the better development of our children.

Dr. M. Chandrappa

Founder Secretary

Hon'ble MLA, Holalkere Constituency

Administrative Desk

All great ideas begin with commitment to the future. The aim of establishing a school by our Education Society was to satisfy the needs of talented students community of Chitradurga. The quest for excellence and the urge for quality education with commitment, the school has expanded enormously with its strength and obtained fame and recognition by all and sundry across Chitradurga district.

The Motto of the school is to "Educate for making successful citizens of tomorrow". Therefore, our education aims at making children capable of becoming responsible, productive and useful members of the society. All these qualities are inculcated among the students by creating a congenial environment in the school to learn by analyzing and evaluating their experiences with scientific temper, blended with sound character, by reasoning out their doubt and investigate by thinking independently.

The school is situated at the prime location and is quite accessible to the citizens of the Chitradurga District. The school has a very good ambience and has got all the latest amenities to suit the present requirement of modern society and technology. Now, school is practicing necessary tools and techniques of evaluation for students to develop complete personality.

We possess excellent team of academic staff and everyone is perspiring extremely well for the career excel of wards. The blend of academics with cultural and sports activities has resulted excellently.

I wish everyone the great prospects.

Smt. Chandrakala H.
Administrator,
Devaraj Urs Education Society (R.)

Message from Dynamic CEO

M.C. Raghu Chandan

(Chief Executive Officer)

Devaraj Urs Education Society (R.), Chitradurga

Children are similar to seeds and parents and teachers need to play the role of gardeners and not of plotters. Our role is of nurturing the children, rather than moulding them. Competition generates fear and fear stops learning. We try to create an environment; these qualities were co-operation and joy of work are the key motivating factors. The aim behind starting Indian International School was that quality education should be available at all levels and for all. It is my positive belief that all children have the qualities to be successful in this quality.

Some of the values possessed by children are truthfulness, living in the present, love for all, not giving up in life, forgiveness, curiosity ...our duty is only to make sure that these qualities are not suppressed in the name of development, either at home or at school. Through my years of experience, I have come to believe, that school play an important role in the academic development of the student. However, the parents play a major role, in nurturing them to be emotionally balanced personalities. So, I was and am of the firm opinion that today we need more schools for healthy parenting and teaching. Let us join hands together and create a better future for our children.

M C Raghu Chandan
CEO

Devaraj Urs Education Society(R)

ABOUT INDIAN INTERNATIONAL SCHOOL

Indian International school (IISc) provides modern education in the Indian context at the formative stage. The most important development in a child between the ages of three to eighteen is the development of an identity. This sense of self will probably stay with the child all his/her life and will determine who he/she is, what he/she can achieve, his/her self – worth, his/her talents.

IISc creates an environment in which every child has an opportunity to develop varied talent. The child is encouraged to understand and master his environment, through experiences that are appropriate for his / her age and ability. Characteristics of integrity, discipline and progressive education are ingrained within a broad canvas of social, moral and ethical values.

The rapidly changing National and International environments are indicative of the need for an accelerated evolution in the mechanism of educational provisions and initiatives. These initiatives are based on sound educational theories of early childhood learning and development. The wide range of hands-on, interactive materials provided, allow the pupils to experiment and explore their surroundings.

At IISc age – appropriate experiences are introduced so that there is optimum learning for each child. Teachers at IISc are qualified professionals who keep abreast with the latest advances in the field of early childhood education. The learning programmes are created by the academic team collaboratively and interactively, and are constantly evolving in tandem with the evolution process of the children.

PROGRAMME OFFERED

Nursery | 9.00 am to 1.00 pm

- Admissions will be based strictly on merit. The decision to provide admission will be based in IISc's selection process. The decision of the Admissions Board will be final and binding in the case of all applicants. No queries or requests for reconsideration will be entertained in this matter.
- IISc is not equipped with facilities to test children with special needs. As such special needs. Are later observed / identified by IISc, then the decision of the management on such matters is final and binding.
- The application form will be available only on the days decided and as communicated by IISc.
- On acceptance of offer letter payment of the Requisite Fee should be made in full.
- Admission to IISc does not entitle automatic admission t any other / particular school.

ADMISSION RULE

The Admission Process comprises certain norms, which include:

- Completion of the Application Form in full with relevant documents as stated in the Application Form, including a copy of Aadhar card of the parents (government mandate).
- Prior interaction with the child and his / her parents or guardian to understand the child's background and aptitude.
- Physical verification of originals of all documents submitted with the Application form.
- Provisional or final Admissions will be granted subject to payment of fee and fulfilment of IISc Admission Procedure. The decision of IISc Admission Panel will be final and binding.

IISC ACADEMIC YEAR

The academic year commences on the 2nd of May of a year and closes on the 31st March of the following year. Every academic year is divided into two terms.

Term One : Commences from 2nd May and ends on 30th September of the academic year.

Term Two : commences from 1st October of that academic year and ends on 31st March of the academic year.

CODE OF CONDUCT

1. All correspondence with regards to the pupil should be addressed to appropriate authority and shall contain pupil's full name, class and section.
2. IISc facilities and programs are designed to cater specific requirement of student's as a group. Individual instruction may not be possible.
3. Parents are expected to attend, in the interest of their wards, all seminars and meetings organised by IISc.
4. IISc may organise programs for the orientation of parents on various issues related to the child. Meeting with IISc representatives may also be called for to discuss academic or other issues and attitude of the child. It is compulsory for parents to attend all the above programs and meetings in the interest of their wards.
5. In cases where IISc observes that an assessment or additional empowerment by an external agency is required for the pupil, whether academic, physical and psychological, the parents shall co-operate and provide the same.
6. IISc doesn't have either the expertise or the facilities for special education required for teaching pupils who are found to having natural difficulties in learning. In such cases, the parents are bound to follow the recommendations of IISc, including the recommendation to withdraw such pupil from IISc, if such phenomenon is not observed at the time of initial interaction.
7. If a pupil's behaviour and attitude are found to be disturbing, uncontrollable and harming the welfare of other pupils, the parents shall accept the recommendations of IISc, including the recommendation to withdraw such a pupil.
8. Parents and students are bound by the criteria and rules regarding promotion to next class.
9. No valuables like gold chains, bangles, watches, anklets etc. Are to be worn by any pupil. IISc does not take any responsibility for the loss of any such valuables.
10. IISc's decision on all the above and related issues shall be considered as final and binding on the pupils and their Parents / Guardians.
11. IISc requires full disclosure of the status of separation from spouse (in case) and clear declaration of the assigned Guardian for the child. A clear assurance that there will be no inconvenience due to current family status is also required.
12. IISc is entitled to amend all the rules mentioned above from time to time at its discretion, and the same shall be binding on the pupils and their parents.
13. For the purpose of any communication, if and whenever it happens, the email ID communicated to IISc shall be treated as the official ID for the purpose.
14. Despite the child being under the teacher's observation, there are occasions when cases of fall/injuries have been reported. Such falls/ injuries occur due to the child attempting certain acts or during physical exercise or sports activities or anywhere within IISc premises for reasons beyond control. As such falls / injuries happen, despite precautions taken by IISc hence, IISc shall not be held responsible for such occurrences.
15. While IISc endeavours to give individual attention to all the children, it is not possible to give individual attention to a particular child constantly and continuously, although due care and all possible vigilance is always IISc's concern.
16. The management of IISc is not operating any school transport services and does not recommend any transport operator. We request parents to drop the children directly and pick them up from IISc. In case of engaging the services of any private operator, the management recommends that parents shall conduct a proper verification / due diligence of transport operator before engaging the services of such private operators. The Management of IISc will not be responsible for any loss or conduct of such private operators.

GENERAL RULES

For the efficient functioning of IISc, the following requirements are binding.

1. Parents/Guardians are expected to cooperate with IISc staff enforcing regularity and Code of Conduct.
2. Punctuality and regular attendance are in the interest of the individual pupil, as well as the group with which the pupil interacts. The minimum attendance permitted is 75%. A student whose attendance falls below 75% may not be able to cope with the syllabus covered and hence, will not be ready for the next level. In such a situation, the decision of IISc will be final and binding on the parents. Specifically, prolonging vacations at either end is discouraged. A fine of 500/- will be levied if the pupil fails to attend IISc on the last day before vacations on the reopening day after a vacation.
3. Leave of absence has to be taken during the term for well founded reasons. This should be done with the prior written permission of the appropriate authority, who may consider the reasons given. It is the responsibility of the parents /Guardians to help the pupil learn the syllabus, which he/she may have missed.
4. If a pupil is unable to attend for medical reasons, the appropriate authority in IISc must be informed. If any infectious or contagious disease is indicated, the pupil must be certified free of such disease by Registered Medical Practitioner before returning to IISc.
5. Parents should avoid visiting IISc during class hours without prior permission of the appropriate authority, specifically direct entry to any class room or direct communication with any teacher during class hours is prohibited. In the event of an emergency, the appropriate authority should be contacted. Visiting hours for each class have been apportioned. Parents must seek a day's appointment to meet the Class Teacher during visiting hours.
6. Parents may not take any pupil out of IISc premises during term time without obtaining prior permission of the appropriate authority.
7. Although there is minimum practice work at home, parents are expected to ensure that such work is completed properly and submitted on time.
8. Parents/Guardians are liable for immediate reimbursement, on demand, of expenses incurred for repair or replacement of IISc property arising out of the actions of the child.
9. Wherever possible, things brought to IISc by the pupil should be properly marked for identification. These include books, bags, sweaters etc. IISc will not be responsible for the loss or damage to anything belonging to the pupil within the premises.
10. On birthdays, pupils are not permitted to distribute sweets, cakes, chocolates etc. The invitations for birthday parties should not be routed through IISc.
11. Parents are expected to ensure that pupils attend IISc in prescribed uniform (dress, sweater, shoes etc). Pupils are exempted from this requirement on their birthdays.
12. If a child, over a period of time, is found to be displaying aggressive behavior, causing physical or emotional trauma to the other children, the parents will be informed about such actions, in order to understand their view and also, the outcome of the expert's report, if already processed. IISc may, depending on the acuteness of the case, allow a reasonable time as per its discretion. If the issue sustains and no improvement is found, such child's tenure in IISc will be terminated for mutual benefits, as IISc does not have either the expertise or the facilities to handle such a child. Decisions taken by the Management will be final and binding.

ACADEMICS & AMENITIES

Modern research has provided the good quality infrastructure; scientific facility and techniques in school environment can greatly influence the overall well being and academic output of a child. Keeping that in mind Indian International School Offers a perfect mixture of good Infrastructure, quality ambience and modern amenities which act as catalyst in the child's learning process. Children learn and flourish when they have good teaching, learning activities nurturing to develop better personality.

TECHNOLOGY

Indian International School virtual classroom is a one-of-its-kind chat based learning initiative which has harnessed the tremendous potential of web based technology to provide innovative learning solutions. Smart Board, an internationally recognized excellent educational tool has found its way to our classrooms. The state-of-the-art equipment yields better academic and classroom behavioural results as reported by teachers Technology used in an efficient manner has surely empowered modern schooling.

SPORTS

Indian International School is the first international school in Chitradurga which has adapted Physical Education as a CCE subject. Sports is glorified and honoured at Indian International School for the moral Inspiration and influence that commands over the impressionable and enthusiastic minds of students. Leadership skills, team spirit, perseverance, discipline and dedication are best included when students pursue sports in the right manner.

Over the past few years, our students have emerged victorious at various National and International level sports competitions, We have competed in Foot ball, Basketball, Cricket, tennis, Badminton, Gymnastics, Table tennis, Chess, Carom and athletics in both the state and National levels, and laurels keep coming our way.

PROFESSIONAL COACHING AND TRAINING CENTRE

There has been a dedicated 'Activity Hours' on every day within the framework of regular time table to cater the coaching and training of sports and cultural activities through professionals. Activities followed by.

- Volleyball
- Kabaddi
- Football
- Basketball
- Cricket (leather ball)
- Taekwondo
- Table tennis
- Chess
- Carrom
- Throw ball
- Gymnastic
- Athletics

- Cultural activities followed by.
Instrumental music like Tabala, guitar, drum, piano, keyboard, harmoniums, flute.
Dance (Western, Classical, folk) | Theatre activities | Art and craft | SUPW

DIGITAL CLASS ROOM

We have ensured that every class room is fitted with multimedia computers. Each class room is fitted with a smart board which is connected to an overhead projector with a computer. These boards are used along with educational software to help to make teaching and learning an effective, interactive and fun process.

LIBRARY

We have a well equipped library with diverse range of books which allows students to travel across time into different worlds. We have educational and recreational books as well as other multimedia resources for both the students and staff to access. The spacious, airy library has been designed to foster an interest in books and is intended to offer every child the opportunity to explore and develop his or her individual interest. The library uses an integrated management system that ensures efficient day-to-day running, Circulation and inventory management.

COMPUTER LAB

Our school has a computer centre that helps to develop a deeper understanding of technology and it is working to every child. We ensure that basic knowledge of computer is given to a child. We have computer lab of latest hardware and software giving them the Infrastructure to test and enhance their computer skills.

TRANSPORT FACILITIES

We have an efficient and well organized house transport system. All members of our staff receive extensive routine training in driving, housekeeping and first aid. A matron accompanies children in every trip for safety. He/She is trained regularly to handle every contingency and ensures the safety of all children spend the least amount of time for travelling to and fro from school. In every bus due care is being taken as per the guidelines of Supreme Court of India and regional transport office, Karnataka.

LABORATORIES

Laboratories are an integral part of the curriculum and pedagogy. Our laboratories enable students to achieve a deeper understanding of concepts that are taught in the classroom by demonstrating them. The applications and process based on these concept in fact no learning would be fun without practical demonstration. We have built state of art laboratories for Math's, Science and computer. Each of these labs is equipped with a variety of subjects with relevant equipment to allow an experimental learning process, at pace suitable to each child's abilities during lab hours. The students are supervised and assisted by qualified technicians and subject facilitators. Our laboratories also focus on measures to ensure lab safety norms to avoid accidents.

WELLNESS PROGRAMMES

Co-curricular activities are the basic ingredients of the fruitful academic structure at Indian International School. These activities that we conduct for our students help to develop their analytical acumen and creative skills. We make sure that the talent and interests of our students are showcased at various intra and inter school activities and competitions. Our students have named a name for themselves in various areas ranging from techno-cultural festivals to documentary film making competitions and fashion shows. Yoga and Aerobics have been incorporated as a part of our classroom activities. This is therapeutic to our present generation of students who live amidst constant peer pressure and tall expectations from all comers.

HEALTH CENTRE

At Indian International School, Chitradurga when students feel well or little at ease they are followed to use the Health Centre. A tranquil atmosphere is provided here with basic First Aid facilities. In case of emergency, our qualified teachers who are available will attend and nurse the students in the Health Centre. School ensures that the best care is being taken till the parents are available to take care of their wards.

INFORMATION SYSTEM

Indian International School takes delightful pride in the impeccable and efficient functioning of its website where each activity, notice and event of the school is accessible for students and parents.

- Daily uploads of home assignments, attendance, remarks and worksheets
- A Transparent and convenient mode of communication between parents and teachers.
- A hugely popular SMS alert system for information notices and updates.
- A detailed and honest Pre-open House and open House for keeping track of the academic progress of every students.

EXCURSIONS

Indian International School believes in education within and outside the classroom. Pleasure excursion often take the route of learning, a trend which is manifested and upheld. Beside the moral values of co-operation, co-ordination and camaraderie, Ecological balance and Environmentalism come to force even at fun filled trips and trekking. At Indian International School we take a detour from our academic pursuits at the school premises and our interests towards long tours. It is at long tours that students of Indian International School learn the basic values of life: sharing, bonding, discipline, obedience, caring for others, spirit of adventure, quest for learning and zeal of participation.
